Date: 30 April 2021

Dear Sir / Madam,

National Digital Literacy Programme

At MOE's Committee of Supply Debate in March 2020, MOE launched the National Digital Literacy Programme ("NDLP") for our schools and Institutes of Higher Learning to help students strengthen their digital literacy. One of the components of the NDLP is the introduction of the Personalised Digital Learning Programme ("PDLP") for all secondary school students, whereby every secondary school student will own a school-prescribed Personal Learning Device ("PLD") by end-2021. This letter provides important information about how you can purchase the PLD for your child/ward as well as about the accompanying applications that the school may be rolling out as part of the NDLP.

Purchase of Personal Learning Device

2. **Overview.** The PLD will be used in tandem with the national e-learning platform – the Singapore Student Learning Space ("SLS") – as well as other educational technology to personalise and enhance students' learning.
